

INTERNATIONAL MICROORGANISM DAY

MICROORGANISMS AND SOCIETY

PA3 - Mathematics Building, Floor -1

09H15 Opening Session

Isabel Sá-Correia, President of Portuguese Society of Microbiology

09H30 *Microorganisms and Biorefineries*

Luís Costa, A4F, SA - Algae for Future

10H00 *What is microbial dark matter and why can we not live without it?*

Tina Keller-Costa, iBB - Institute for Bioengineering and Biosciences, Instituto Superior Técnico, ULisboa

10H15 *Exploring microbial diversity for Biotechnology*

Margarida Palma, iBB - Institute for Bioengineering and Biosciences, Instituto Superior Técnico, ULisboa

10H30 *Microorganisms for a healthy and sustainable environment*

Catarina Paquete, Instituto de Tecnologia Química e Biológica (ITQB-NOVA)

10H45 *Microorganisms and cancer: threats or opportunities?*

Nuno Bernardes, iBB - Institute for Bioengineering and Biosciences, Instituto Superior Técnico, ULisboa

11H00 Break

11H15 *Microorganisms and medicines*

João Gonçalves, Faculdade de Farmácia ULisboa; iMed Research Institute for Medicines; Scientific Advisor at Technophare

11H45 *Domestic microorganisms that you do not want to have in your living room*

Virgílio Silva Almeida, Departamento de Sanidade Animal, Faculdade de Medicina Veterinária, ULisboa

12H15 *Phytopathogenic fungi*

Helena Oliveira, Instituto Superior de Agronomia, ULisboa; LEAF - Centro de Investigação em Agronomia, Alimentos, Ambiente e Paisagem

12H45 *Microorganisms and beer production - challenges and opportunities*

Fernando Gonçalves, Cerveja Oitava Colina

13H15 Lunch Break

14H00 Artisanal Beer Tasting and Socializing at the Chemistry Building Garden

15H30 Skype Call- IMD2019 in Portugal, Europe and the World

16H15 *Globalization of XDR Tuberculosis: an ongoing process of adaptive and selective evolution*

Miguel Viveiros, Instituto de Higiene e Medicina Tropical, Universidade NOVA Lisboa

16H45 *The bugs that live in our body: a balance of power*

Miguel Teixeira, iBB - Institute for Bioengineering and Biosciences, Instituto Superior Técnico, ULisboa

17H15 *Microbiology meets Computation*

Francisco C. Santos, INESC-ID; Instituto Superior Técnico ULisboa

17H45 Closing Session
